## Estimated Long-Term Mutual Fund Flows

**Washington, DC; April 24, 2024**—Total estimated outflows from long-term mutual funds<sup>1</sup> were \$16.93 billion for the week ended Wednesday, April 17, the Investment Company Institute reported today. These outflows represent 0.1 percent of long-term mutual fund assets as of February 29. Estimates for combined long-term flows and ETF net issuance are available on the [ICI website](https://www.ici.org).

**Additional Data Categories Available Online:** In addition to the categories included in the table below, the report now includes additional detail about domestic equity categories (large cap, mid cap, small cap, multi cap, and other), world equity categories (developed markets and emerging markets), and taxable bond categories (investment grade, high yield, government, multisector, and global).

### Estimated Flows\* to Long-Term Mutual Funds

Millions of dollars

	4/17/2024	4/10/2024	4/3/2024	3/27/2024	3/20/2024
Total equity	-12,865	-14,984	-14,526	-19,569	-3,919
Domestic	-11,089	-10,945	-11,358	-13,781	-2,600
World	-1,776	-4,039	-3,168	-5,788	-1,319
Hybrid	-3,789	-1,559	-2,012	-1,809	-1,566
Total bond	-272	3,903	9,460	3,915	6,762
Taxable	56	3,884	9,526	3,481	6,107
Municipal	-328	18	-66	434	655
<b>Total</b>	<b>-16,926</b>	<b>-12,641</b>	<b>-7,078</b>	<b>-17,463</b>	<b>1,277</b>

\* Note: Flow estimates are derived from data covering 98 percent of industry assets. Components may not add to the total because of rounding.

**Equity funds**<sup>2</sup> had estimated outflows of \$12.87 billion for the week (0.1 percent of February 29 assets), compared to estimated outflows of \$14.98 billion in the previous week. Domestic equity funds had estimated outflows of \$11.09 billion (0.1 percent), and world equity funds had estimated outflows of \$1.78 billion (0.1 percent).

**Hybrid funds**<sup>2</sup>—which can invest in stocks and fixed-income securities—had estimated outflows of \$3.79 billion for the week (0.2 percent of February 29 assets), compared to estimated outflows of \$1.56 billion in the previous week.

**Bond funds**<sup>2</sup> had estimated outflows of \$272 million for the week (less than 0.1 percent of February 29 assets), compared to estimated inflows of \$3.90 billion during the previous week. Taxable bond funds saw estimated inflows of \$56 million (less than 0.1 percent), and municipal bond funds had estimated outflows of \$328 million (less than 0.1 percent).

**Notes:** Weekly cash flows are estimated, while actual net new cash flows are collected on a monthly basis and are reported in ICI's "Trends in Mutual Fund Investing"; therefore, there are differences between these weekly estimates and the monthly flows. Data for previous weeks reflect revisions because of data adjustments, reclassifications, and changes in the number of funds reporting.
